## Cavarno 2

### Base Model

New model Transit 280 short wheelbase, N/S side habitation door, rear tailgate, FWD, 2.2ltr 115ps Turbo diesel Common rail, Duratorq Euro IV compliant engine, 6 speed manual transmission including facia mounted gear stick, PAS & ABS. Remote central/double locking, Thatcham 2 immobiliser, "Lock in latch" security. tinted glass, power operated front windows and remote steering column mounted audio controls. Trend pack: Inc metallic paint, colour coded grille, fogs, full wheel covers, body mouldings, power mirrors, Cruise control, blue tooth, auto lights/wipers, & Heated windscreen, Passenger airbag, Optional Rear wheel or all wheel drive available. 3 year/100,000mile, manufactures warranty and 3 years Ford Roadside Assistance.

### Conversion

Driver and single passenger swivel seats, 2 forward facing habitation seats Inc Lap & diagonal Safety belts, Double glazed opening side & rear habitation windows including black out blinds and fly screens, GRP\* exterior window framing panels, large & mini heki roof lights including black out blinds & fly screens. Hand crafted solid Oak framed 5 piece doors with bespoke solid oak worktop edge and mouldings, Oak veneered panels finished in 2 pack polyurethane satin varnish. 70ltr Dometic 3 way fridge with freezer box, Glass topped 4 burner hob, oven and grill, Optional 4 burner hob, grill & oak fronted lower cupboard available, Glass topped Smev sink, Enclosed Bespoke GRP\* washroom including Thetford swivel toilet, flush drop down sink, Hot & cold water and open stowage. Generous storage provided in over cab and upper lockers, under seats and Wardrobe. Webasto airtop 2000 blown diesel heating, 10ltr Gas / 240V hot water boiler, 240V hook up and leisure battery charger/Transformer. 2 forward single beds 610mm X 2060mm, Transverse centre double bed 1750mm x 1220mm or optional extra large forward longitudinal double bed 1750mm X 2060mm (longitudinal beds incorporate cab seat base & seat backs)

\*GPR – Glass reinforced plastic is a quality hard wearing, very strong composite.

## Cavarno 4

### Base model

The Cavarno 4 shares the same SWB base vehicle as the Cavarno 2. However we recommend upgrading the base vehicle to a 300 or even a 330 depending on expected loading. Please note the Trend pack is not available for these upgraded weights, so we offer a breakdown of individual options that make up the Trend pack.

### Conversion

The Cavarno 4 also shares the same habitation floor plan as the Cavarno 2. However the over-cab forward locker stowage is compromised when used with the "concertina" bunk bed mattress. The RH upper lockers are retained for maximum storage, but the bunk bed size and frame restrict the upper berths to 2 smaller children or one adult. The upper bunk bed mattress can be removed enabling the Innovative bed frame system to be extended as a temporary storage rack and allow full utilization of the forward locker.

## Cavarno XL

### Base model

Ford Transit 350 LWB high roof, FWD 2.2ltr 115ps TDci, 6 speed manual gearbox and Trend pack, Optional rear or all wheel drive (internal height slightly compromised on RWD & all wheel drive) 140ps & 3.2ltr 200ps TDci option available.

### Conversion

The Cavarno XL utilizes the extra habitation length as efficiently as its smaller sibling's, the habitation seats are set back further allowing two huge 6'4" singles without the need to use the Cab seat backs or a transverse double. The taller wider habitation door offers unobstructed views whilst the rear half of the conversion benefits from a sink drainer, 4 burner hob & grill, waste bin, plus additional kitchen cupboard & locker storage. The washroom is set forward to provide practical outdoor equipment storage and is longer, facilitating a vanity unit and the latest Dometic Ceramic bowl & wheeled cassette toilet. Cupboard space is more than doubled with easily accessible slide out lower cupboard storage. Reclining habitation seats and full height portrait rear window are further features of this high specification handcrafted conversion.

## Cavarno Plus

### Base model

Ford Transit 350 MWB high roof, FWD 2.2ltr 115ps TDci, 6 speed manual gearbox and Trend pack, Optional rear or all wheel drive (internal height slightly compromised on RWD & all wheel drive) 140ps & 3.2ltr 200ps TDci option available.

### Conversion

The Cavarno Plus borrows the generous front end habitation proportions and extended lounging area from the Cavarno XL and then intelligently marries the Cavarno short wheel base kitchen & washroom to provide a comfortable leisure vehicle at only 17'1" yet still compact enough for spirited adventure. Further features include Cavarno XL full height portrait rear door window and large habitation door.

# Ikon Sport Specification

## Base Model

New model Transit 280 short wheelbase, N/S side Habitation door, rear barn doors, 2.2ltr 85ps Turbo diesel Common rail, Duratorq Euro IV compliant engine, 5 speed manual transmission including facia mounted gear stick, PAS & ABS. Remote central/double locking, Thatcham 2 immobiliser, "Lock in latch" security. Tinted Glass, Power operated front windows and Remote steering column mounted audio controls. 3 year/100,000mile manufactures warranty. 3 years Ford Roadside Assistance.

## Conversion

Driver and single passenger swivel seats, 2 forward facing habitation seats Inc Lap & diagonal Safety belts, Double glazed side windows. 70ltr Dometic 3 way fridge, 2 burner hob & sink combination unit, Thetford swivel toilet, Wardrobe, Over cab storage lockers, Habitation table system. Webasto airtop 2000 blown diesel heating, 240V hook up and leisure battery charger/Transformer. 2 x 400mm x 400mm roof lights (optional Large Heki) 2 forward single beds 610mm X 2060mm, Transverse centre double bed 1750mm x 1220mm or optional extra large forward longitudinal double bed 1750mm X 2060mm.

## PRE OWNED BASE VEHICLE

If you like the idea of an affordable motor caravan then a New Ikon conversion on a pre-owned base vehicle offers a realistic alternative. The conversion is new, clean and has obviously never been used, you have the choice to add only the options you want, yet the quality of conversion and base vehicle will ensure practical durability.

The base vehicle will be a new model Transit with the latest common rail diesel technology and facia mounted gear stick with the balance of the Ford 3 year warranty and Ford assist. Only the best quality base vehicles are carefully selected for motorhome conversion and are usually 18 months to 2 year, Transit 280 SWB vans as above, with approximately 20,000 – 25,000 miles, one owner and full service history.

The Transit ensures low servicing costs supported by a dedicated network of Dealers, plus the knowledge the conversion has been carried out by a respected converter resulting in strong residual values.

## Mobility Options

The Innovation series is an ideal platform for mobility options. Although some mobility options are available on the Cavarano and Ikon models, The Innovation's compact foot print and 4 travels seats combine with a practical Garage, to provide independent facilities previously not available.

One of the first consideration when contemplating an accessible conversion is how able bodied the person is, for example if the disabled user has some strength but needs assistance with balance, would an electric automatically retracting step and strategically placed grab handle suffice? Alternatively if the disabled person has difficulty transferring, we have an extensive choice of approved powered wheelchair lifts and powered chairs which rotate, lower and raise the occupant into the vehicle.

Due to the individual nature of each conversion and the complex options available, we offer independent advise and help without obligation. This can often take many hours and is best done by appointment with the Wheelchair occupant present to fully evaluate the best possible solution.

### Mobility & VAT

A wheelchair user, a wheelchair users family member or a personal Career of a Wheelchair user can zero rate the VAT subject to the wheelchair user benefiting from genuine use of a modified Motorhome please enquire for further information.
